

*Louisville Public Library Foundation*  
951 Spruce Street  
Louisville, CO 80027

From its humble beginnings in 1924, the Louisville Public Library has developed into a public institution of tremendous value to our Louisville community. Thanks to continuous support from Louisville residents, our Library has been growing with our population's needs. In 2003 a clear majority of Louisville's citizens reaffirmed their support by approving a \$7.4 million bond issue to build a new Library.

The new library opened in August 2006 and is busier than ever. With private donations, the Louisville Public Library Foundation will add to the Library's collections and programming and help this valuable community asset continue its mission of service to all. We urge you to take this opportunity to contribute to the enrichment of our new civic center in the heart of Louisville.
